## *Important Notice to Collectors:*

Send your name and full address for free insertion in the largest Collectors' and Dealers' Address Book to be published on or about April 15, 1913. Be sure to state whether you are a general stamp collector or specialist in any country or class of stamps; whether you collect postal cards, coins, paper-money or philatelic literature; also give any other information you may wish to state, as profession, business or occupation, size of collection, etc.

## *A Free Want, Sale or Exchange Notice*

of 18 words, exclusive of full name and address, will be inserted free of charge to all collectors who remit \$1.00, in U. S. or foreign exchange for a copy of the Address Book. For longer notices add 3 cts. per word.

## *Dealers*

will find this Address Book an excellent advertising medium, especially since a stamp dealers' advertisement will be read by a coin collector, and that of a coin dealer *vice versa*. This will bring new recruits to either rank. Besides—the rate for advertising has been put in reach of all. DEALERS' names will be inserted in the dealers directory in **BLACK LINE** free of charge to all *bona-fide* dealers ordering a copy of the Address Book in advance.

## *Publishers of Philatelic and Numismatic periodicals,*

hand-books and other works are requested to send specimen copy, so that full information concerning their publication may be given.

## *Secretaries of All Collectors' Associations*

are requested to send full information, as date of organization, annual dues, membership lists, etc., for free insertion.

## *Remember*

this will be a directory for the collector, for the dealer, and for the publisher.
